“I Believe
The Event Is Bigger
Than All Of Us”

A picture can say a thousand words, but a few **words** change its story That's what I do.

When people listen to me on stage they hear much more than mere words. **They find meaning.**

When I am on stage, being the visible, **emotional connect** between the stage and the audience is what I am all about.

From protocol to corporate events to fun filled evenings, I become whatever the event needs me to be a **Moderator, an Emcee or an Anchor .**

I work with the team I believe that the event is bigger than any and all of us.

It becomes **an experience** that people carry away with them and cherish for days and months after.

While many comperes merely conduct a program by announcing the sequence of events and embellish this simple procedure, Shilpa has the ability to ensure that the audience focuses on her, she holds their attention and keeps them fruitfully engaged. Her ability to understand the theme and elicit appropriate responses from the audience is commendable. This ability will take her far in her career. I wish her the very best in all her endeavours.

Ms.Shilpa Nainani was the Compere for our “APAgTech Summit 2017”, which was inaugurated by Sri M.Venkaiah Naidu, the Hon’ble Vice President of India. The Valedictory Session was attended by Mr.Bill Gates. This is to place on record our sincere appreciation to her for the same. As a true professional she put in efforts to help us with the event flow and also in absorbing last minute changes and additions, without any fuss whatsoever. Her ease of presentation and absolute presence on the stage kept the audience rapt in attention. We do look forward to be working with her over again.

Shilpa hosted the launch event for us with MS Dhoni. She did a great job in keeping the crowd/audience engaged. Her quick homework before the event as well as wit in handling situations is impressive. Great job! Keep it up. Smart. Well prepared. Great presence of mind.

The only event host that I have seen who can run the show without any intervention of the event manager or the client. You have the knack of adjusting in split seconds with the flow of events. You're unbelievably dedicated, relentlessly hardworking and absolutely stunning on stage! I have always believed that when Shilpa is hosting the event I can focus on doing my job, the stage is taken care!

Protocol Events

Work with the planning team to integrate the theme of the event into the agenda and ensure a seamless flow of the program at a steady pace, while meeting timelines and keeping in mind the boundaries of Protocol. Hosting Political, Industry or Educational Events, my focus is to bring out the best in the overall experience. I take pride in conducting myself in a calm and composed manner which also helps while addressing situations that need clear thinking and skill.
